

POLMED®

OUR INVESTMENT | OUR HEALTH | OUR FUTURE

September 2018

Dear Member

IMPLEMENTATION OF POLMED ACUTE FORMULARY

POLMED will be implementing an acute medication formulary with effect from **October 2018**. This will be referred to as the '**out-of-formulary**' list. Any medication that is included in this 'out-of-formulary' list will attract a 20% co-payment.

This list was developed on the basis of evidence-based medicine, taking into account considerations of cost effectiveness and affordability, and forms part of a cost-saving initiative to ensure sustainability and affordability to our Scheme and its members.

What does this mean?

- Medication that appears on the 'out-of-formulary' list and is accessed by the member will result in a 20% co-payment that is to be paid at point of service.
- Chronic medication that falls outside of the *chronic formulary* and that has been claimed from the acute benefit will also result in a 20% co-payment, as it also forms part of the 'out-of-formulary' list.

Where can I find the 'out-of-formulary' list?

To familiarise yourself with the medication that will be attracting a 20% co-payment, please refer to the PDF list attached. This list is also available on the POLMED website at www.polmed.co.za (click MEMBERS > Communication > Announcements, then select POLMED Acute Out-of-Formulary List effective October 2018).

How can I avoid a co-payment?

A co-payment can be avoided by discussing alternative medication with your doctor or pharmacist that will not attract a co-payment. Medication that is less costly is not less effective.

Should you have any questions regarding the acute formulary, please contact the POLMED Client Service Call Centre on 0860 765 633 and follow the prompts to the Medicine Management Programme.

We look forward to your support in making this initiative a success.

Kind regards,

POLMED MEDICINE MANAGEMENT DEPARTMENT

POLMED ACUTE OUT-OF-FORMULARY LIST

Effective October 2018

Products on this out-of-formulary list will attract a 20% co-payment if claimed on acute.
In conjunction with this, other rules may apply.
