Compliment: I have never in my entire life as a Polmed member received such an excellent service. You are well trained Edwina. Thanks a lot. Most time after calling Polmed you will feel like cry because of the response we get from your workers, some will tell you things they are not sure of but with Edwina all my queries were resolved in a polite and respectful manner. I thank you Edwina and most of all I thank your parents who raised you well. Polmed need people like you.
