Dear Sir/Madam

### **LETTER OF ACKNOWLEDGEMENT AND APPRECIATION**

This is a courtesy letter addressed to the management of POLMED to convey my appreciation and thanks for the unconditional support and benefits that me and my wife receive as members.

My wife (85 years) is confined to her bed for the last 5 years and receive medical support, oxygen, make use of diapers and daycare. Much to our surprise my wife's application for a hearing aid was approved and for the first time she is able to communicate and hear when spoken to. What a wonderful gift to add value to her quality of life. I had to undergo heart surgery, am a diabetic and is dependent on chronic medication myself.

We owe our many thanks and gratitude to the caring support of POLMED. We are truly grateful.

May God bless the caring people at POLMED as well as the fruit of your work.

Regards.
