WISHING YOU A BLESSED NATIONAL WOMEN'S DAY

Happy Women's Day to all our women in blue, our heroines and our retired policewomen for their continuous fight for Justice for All.

Happy Women's Day to you – the masters of multitasking, good leaders, good female cops, good mothers, sisters, aunts and grandmothers to your families and society in general. We salute your patience, your endurance, your love and your commitment to building a better future for our nation.

Amid the COVID-19 pandemic, we urge you to remain resolute and firm in your battle against the further transmission of the virus. Continue to protect yourselves and your loved ones from this deadly virus. You are the pillar of our nation and a source of inspiration to many people. Continue to shine!

May all of you be showered with happiness, good health, success, and prosperity in the years ahead.

Have an awesome National Women's Day this coming Sunday!

Kind regards
