Dear Member

A NEW VITAMIN FORMULARY FOR 2022

Polmed strives to ensure that you have access to medicine benefits to support your daily healthcare needs. In our pursuit to deliver quality and cost-effective healthcare, Polmed is introducing a new vitamin formulary for 2022. A formulary is a list of cost-effective evidence-based medication. Kindly note that only the medication on the list below will be funded.

The vitamin formulary is designed to cover cost effective vitamins and minerals up to a maximum quantity of 60 tablets per month or 360 tablets per beneficiary per year.

This is subject to your available Over the Counter medication benefit* (OTC) or acute medication benefit if prescribed by your doctor. It includes multivitamins as well as single vitamins and minerals such as vitamin C, zinc and omega fatty acids. No authorisation is required from you to access these vitamins.

**Please note that a maximum of 60 tablets or capsules can be claimed per month. The total reimbursable amount combined is 360 per annum.*

The vitamin formulary will be updated from time to time depending on market prices and availability of products.

Regards,
Polmed
