OUR INVESTMENT OUR HEALTH OUR FUTURE

# IMPORTANT INFORMATION FOR POLMED’S DIABETIC MEMBERS

Dear Member,

POLMED understands the importance of managing diabetes with the highest level of care and attention. We are dedicated to ensuring that our members have access to the best resources and support for this condition. As part of this commitment, POLMED is collaborating with the University of the Northwest on an important research study to find the most effective approaches to managing diabetes.

This study aims to investigate new strategies and tools that can support diabetic individuals achieve better health outcomes. As a POLMED member with diabetes, you may be invited to participate in this study. **If you are selected to take part, the research team from the University of the Northwest will provide you with comprehensive information about the study, its goals, and what participation involves.**

While we encourage your involvement in this valuable initiative, please remember that participation is voluntary. Your choice to participate or not will not affect your membership or the support you receive from POLMED.

We are committed to empowering our members with better health options, and this partnership is an important step in that journey. Thank you for being a part of POLMED, and we appreciate your consideration of this opportunity to contribute to advancements in diabetic care.

Sincerely,

Ms Neo Khauoe  
Principal Officer: POLMED
