

Tax Reference Number

Dear Member,

SARS requires income tax reference numbers to be populated on the Medical Schemes Tax that is submitted to SARS Annually.

Kindly provide POLMED with your income tax reference number that appears on your IRP5, which is issued by GEPPF. This will avoid the possibility of your tax information being rejected by SARS.

This income tax reference number should reach the Scheme not later than 30 January 2025 to be loaded in time for the 2025 Tax file submission to SARS.

Please submit your tax reference number together with your POLMED membership number to polmedmembership@medscheme.co.za

Regards
POLMED
