I understand that all personal clinical information supplied to the AfA programme will be used to determine access to specific benefits for people with HIV infection. AfA will take all reasonable steps to maintain confidentiality. The programme's medical staff will review this information in order to make recommendations regarding the provision of these benefits. Your healthcare provider, however, retains responsibility for your care, irrespective of the benefits so authorised.

I/we therefore, authorise any healthcare provider, hospital, clinic, laboratory and/or medical facility in possession of any medical information regarding myself, the applicant or any dependant (also newly born baby), to provide the AfA programme with information that it may require.

I warrant that the information in this application form is correct.

I acknowledge that completion of the application form does not automatically entitle me to any benefits and that acceptance to the programme is within the sole discretion of AfA. I acknowledge that I am familiar with the conditions and benefits of the programme, notwithstanding representation by any other party; and agree to abide by and undertake to familiarise myself with the rules of the programme as amended from time to time.

I acknowledge that benefits authorised by the AfA programme are subject to scheme rules and that non-adherence to the programme could result in my benefits from this programme being cancelled. I acknowledge that I will be responsible for any co-payments as per scheme rules or payment for any medication and/or investigations not authorised by AfA.

I understand that acceptance onto AfA means that an AfA treatment support counsellor will contact me.

I herewith authorise AfA and its agents/medical staff to disclose the medical information relevant to my HIV infection to third parties for the purpose of scientific, epidemiological and/or financial analysis without disclosure of my identity.
